

Dear Dan and Terri,

Thanks for sharing the news of ongoing progress on your project.

I am happy to once again offer my encouragement for your efforts. Your vision for the Holy Family Ranch is in harmony with the pastoral vision of the Archdiocese of Omaha. The activities and programs that you envision for the ranch promise to support the evangelization efforts of our parishes, as well as the encouragement for priestly and religious vocations among young people that are essential to Catholic life in our archdiocese and beyond. You remain in my prayers as you work to bring this project to fruition. God bless you.
